

Appendix B
Scoping Meeting Postcard and Mailing List

SEIS FOR GUAM AND CNMI MILITARY RELOCATION (2012 ROADMAP ADJUSTMENTS)

Public Scoping Meetings

The Department of the Navy (Navy) will expand the scope of the ongoing Supplemental Environmental Impact Statement (SEIS) for a Live-Fire Training Range Complex (LFTRC) on Guam to support the Guam Military Relocation. The SEIS will evaluate the potential environmental impacts from construction and operation of a LFTRC on Guam, a main cantonment area, including family housing, and associated infrastructure on Guam to support the relocation of a substantially reduced number of Marines than previously analyzed. The SEIS supplements the Final EIS for the “Guam and CNMI Military Relocation; Relocating Marines from Okinawa, Visiting Aircraft Carrier Berthing, and Army Air and Missile Defense Task Force” dated July 2010. The Record of Decision for the Final EIS was signed on September 20, 2010, and published in the Federal Register on September 30, 2010 (Volume 75, Number 189, Page 60438).

Proposed Action

The proposed action that will be analyzed in the SEIS is to construct and operate a LFTRC on Guam that allows for simultaneous use of all firing ranges to support training and operations of the relocated Marines, and a main cantonment area of sufficient size and layout to provide military support functions, including family housing. The proposed action also includes the construction of utilities and infrastructure to support the range complex, main cantonment, and housing.

Visit <http://guambuildupeis.us> for more information.

The Navy invites your comments on the proposed scope and content of the SEIS.

You can participate in a variety of ways:

- **Website:** Provide comments online and learn more about the project at <http://guambuildupeis.us>
- **In Person:** The Navy will conduct open house style public scoping meetings. Attend a public scoping meeting and submit written comments. Military representatives will be available to discuss the proposed action and answer questions.
- **By Mail:** Interested agencies, individuals, and groups unable to attend the public scoping meetings are encouraged to submit comments by December 10, 2012 Chamorro Standard Time to ensure they are considered.
Mail comments to:
